

Accessibility Information

**For the College of Natural Sciences Senior Celebration
Saturday, May 13, 2017, 5:00 p.m., Mullins Center**

Accessible/Handicap Parking

The lot adjacent to the Mullins Center is designated for handicap parking. A state-issued handicapped parking permit suffices for parking in designated accessible spaces on campus. No prior arrangements are needed to ensure handicapped parking.

Preferential Guest Seating

These seats are generally for people who have limited mobility, sight, or hearing. Seating for family members and guests with disabilities will be available in designated sections of the Mullins Center. No prior arrangements need to be made to secure seating in these areas, although it is recommended that you arrive early to secure seating. One companion may accompany guests seated in these sections. Seating for additional family members should be available within close proximity of the preferential seating areas.

Wheelchairs

Designated wheelchair seating locations are available at every internal entrance to the Mullins Center arena. Guests needing wheelchairs must make arrangements to bring their own; wheelchairs are not provided. Wheelchairs can often be rented from a local medical supply store in your community.

Sign Language/Interpreter Services

If you or any of your guests require the services of an interpreter, please contact Disability Services via email aduchon@admin.umass.edu with “CNS Senior Celebration Interpreter Request” in the subject line, or by phone (Voice/TTY: 413-545-0892). **The deadline for requesting interpreter services is April 14, 2017.**

If you require any other accommodations, please contact [Disability Services at UMass Amherst](#).
